VI. Other Agency, Director and Association Reports									
NRCS		Due to time spent discussing ARP, report tabled to next meeting.							
WRAC		George Kendall discussed complaints in Oceano about Lopez going dry, different types of geophysical surveys available to describe shallow basin aquifers and how they could be used- surveys very expensive							
Oak Ordinance		Mark Lea, the planning and ag commissioner is supporting people getting their feedback into the ordinance planners, wants diverse views on the issue before permanent ordinance goes to the Board of Supervisors. Doug and Mike Bonnheim nominated to craft letter with input from the rest of the board: Randy wanted letter to focus on the RCD mission statement to shape how we view stewardship, George, Devin, Tom and Chuck want it to be adaptive and individualized, with Devin emphasizing the need for review and oversight. Margy mentioned it should reference that lack of ecological disturbance is not always the best strategy.							
VII. Board Action Items									
Robert Hartzell		a) Nominating Committee temporarily tabled due to Mike Broadhurst's absence b) Support ARP with realization that modifications may happen and that RCD will continue to engage county and stakeholders. Amendment: Significant clarity needed to make a viable program- need defined responsibilities and authorities on an individual project basis
